## YEAR 11 WORK EXPERIENCE

Our Year 11 pupils engaged in two weeks work experience in February 2020. After much preparation for the working world they built their maturity, confidence and self reliance and an opportunity to relate school studies to the workplace. A variety of placements were attended dependent on the pupils interests, from scaffolding to hairdressing ! The pupils gained knowledge, skills and experience in their chosen field and about the labour market. As a school we are very proud of what they all achieved. Many pupils were asked to return and Abbie and Shaun have gained apprenticeships...Well Done !

Thank You to all the businesses for providing our students with such a valuable opportunity

**"Shaun is enthusiastic, very willing to learn, communicating well with the team, wears all relevant PPE. He's getting stuck in, a good lad who wants to learn. He's part of our team now"**
